

Summit Meeting Widened

Big Three State
They Are Willing
To Invite NATO
Partners to Talks

COPENHAGEN (AP)—The Western Big Three announced today they are willing to take some of their NATO partners into East-West summit talks.

A joint statement by the United States, Britain and France singled out Italy as a possible partner in a future meeting at the top with the Soviet Union.

The statement was issued at Christiansborg palace where the 15 foreign ministers of the North Atlantic Treaty Organization expressing their firm resolve not to ground rules for a meeting at the top.

The joint statement said: "The three countries conducting the preliminary diplomatic contacts with the Soviet Union indicated that they did not consider that they would necessarily be the only Western nations to take part in a possible conference of foreign ministers or in a possible summit conference. Other countries, as for instance Italy, might then be included."

The three-power Western declaration represented a shift from the previous allied line that future summit talks should be conducted on the old four-power basis that has prevailed since World War II.

The Russians themselves sought to break the four-power framework by suggesting East-West parity at the summit with the inclusion of communist Czechoslovakia and Poland.

The Russians also have suggested including a larger number of powers at a top level meeting. These would include such uncommitted nations as India, Egypt or Sweden.

The Western nations so far have resisted any attempt to put East-West talks on a one-for-one basis. Today's move by the Big Three apparently was designed to meet any Soviet drive in that direction.

Stressing unity of the North Atlantic Powers, the communique is expected to express the determination of the United States, Britain and France to continue the talks.

But it also will make clear the West will resist any Soviet attempt to impose a veto on the issues to be discussed at the summit.

At a private meeting this morning, the ministers heard:

1. Foreign Minister Josef Luns of the Netherlands say Communists may be on the verge of seizing power in Indonesia.

2. U.S. Secretary of State Dulles outline U.S. policy in releasing Egyptian funds frozen in the United States since President Nasser's seizure of the Suez Canal. The funds were released after Nasser's government agreed to compensate stockholders of the seized Suez Canal.

Rain-Swollen Streams Menace Southern States

By THE ASSOCIATED PRESS
Rain-swollen streams and rivers menaced wide areas in four Southern states today, forcing hundreds of persons to leave their homes and causing extensive damage to crops and property.

More rain fell during the night in sections of West Virginia, southwest Virginia and eastern Kentucky, increasing the threat of further flooding. Overflows from the Red River spilled across sections of northwestern and north-central Louisiana. Damage to crops and property was estimated at 10 million dollars.

Two deaths were attributed to the floods in Louisiana. About 100 families already have been evacuated from their homes in the Marksville area, south of Shreveport.

Local Alert 'Toll'

Missouri Defense Director Dean Lupkey said today that the presumed toll of death in the wake of yesterday's mock nuclear attack on key Missouri targets included 5,000 at Knob Noster, Warrensburg and Whiteman Air Force Base.

Nuclear Tests Begin

WASHINGTON (AP)—Rep. Charles O. Porter (D-Ore.) said today the Atomic Energy Commission launched the first of a series of 30 nuclear test explosions at Eniwetok April 28.

SCENES FROM SEDALIA'S ALERT TUESDAY—Upper left, During the civil defense "Operation Alert" Tuesday, the Sedalia and Pettis County CD team set up a communications center at the compound post at the Municipal Airport, and maintained contact with the state organization through makeshift radio channels. Normal communications were supposedly knocked out by attacking bombers. Shown left to right are Carl Johnson, who has charge of food distribution in an emergency; Capt. Willis Jabas, control of fires; Lt. Col. Bill Padgett, chief of operations; and Police Chief Ralph Hamlin.

Upper right, During "Operation Alert", American Red Cross workers set up a coffee and sandwich stand at the civil defense command post at the Municipal Airport. During the alert, the ARC furnished food for the participating officials and visitors, but during an actual attack they would have fed refugees. Shown left to right are Mrs. Barry Elliott, Mrs. C. C. Folsom Quits As Secretary Of Welfare

Arthur Fleming Of Ohio Wesleyan U Is His Successor

WASHINGTON (AP)—Marion Folsom resigned today as secretary of welfare, and President Eisenhower picked Arthur Fleming, president of Ohio Wesleyan University, to succeed him.

Folsom, 64, wrote Eisenhower he is leaving the cabinet for personal reasons which he did not specify. He will step down sometime between July 15 and Aug. 1.

Accepting Folsom's resignation, Eisenhower sent to the senate a formal nomination of Fleming to be chief of the Department of Health, Education and Welfare.

Fleming, 53, is a former director of the Office of Defense Mobilization and for many years was a member of the Civil Service Commission.

The White House said Tuesday that Folsom, former treasurer of the Eastman Kodak Co., who came to the administration in 1955, had informed Eisenhower of a desire to return to private life.

Press Secretary James C. Hagerty said at that time no letter of resignation had been received from Folsom.

In a letter to Eisenhower dated Tuesday, Folsom reminded the President that "Last year I told you that for personal reasons it would be necessary for me to leave government service sometime this year."

Folsom at present is taking a rest in Florida.

Annual Spring Treat

Men's Choral Club Makes Hit in Concert

A near-capacity audience appreciated to the full the 11th annual spring concert of the Sedalia Men's Choral Club. Directed by Abe Rosenthal, the concert was given Tuesday night at Smith-Cotton auditorium.

Opening with a breezy number, "Hello," the first half of the program proceeded with Handel's "Where E'er You Walk," characterized by fine shading. "No Man Is an Island," a new number with meaningful lyrics, was followed by "Where in the World but in America," with Jim Croy, new member of the baritone section, as soloist.

An outstanding beautiful presentation of Schubert's "Ave Maria," with Al Domingue as soloist against a choral background of pipe-organ overtones, highlighted the first half of the program, which closed with the popular "Joshua Fit de Battle of Jericho."

Just before intermission, James Denny, a former member of the club, gave a short synopsis of its history and congratulated the members and the director on their contribution to the cultural life of Sedalia.

Why Do Stars Twinkle?

Experimental Balloon Ascension Completed

DUBUQUE, Iowa (AP)—An astronomer and a veteran Navy balloonist made a safe, soft landing in Illinois today after a 12-hour ascent to 40,000 feet on an experimental stage and space flight.

Cmdr. Malcolm D. Ross, Navy aeronaut, called it the best landing he ever experienced. He said delicate equipment aboard the balloon was undamaged.

In Washington, a Navy medical officer said flight data suggested a possible built-in hazard in a pressure-breathing arrangement which had been designed as a safety factor.

Both Ross and astronomer Alfred H. Mikesell, 44-year-old father of eight children, were fatigued but in high spirits. It was the first ascent for Mikesell, whose specialty is studying the scintillation or twinkling of the stars.

"I am very charmed by this unique method of conducting astronomy," Mikesell had radioed during the flight.

The ascent provided the first test of techniques that some day will be used to record men's physical reactions in an orbiting satellite.

Heart beats, respiration and other physical reactions were recorded by radio and piped 1,300 miles by telephone to a naval medical laboratory near Washington, D.C.

Observers described the balloon's return to earth as an excellent landing.

Ross maneuvered the big bag away from river bluffs and came down about a mile from the Mississippi. The landing site was near U.S. Highway 20 about six miles southeast of East Dubuque, Ill.

Between their 7:50 p.m. ascent from an open mine pit near Crosby, Minn. last night and their 7:26 a.m. landing today, the balloonists crossed parts of Minnesota, Wisconsin, Iowa and Illinois. They were in a small fibreglass basket, open to the air.

As protection against cold, that reached 76 degrees below zero at the 40,000-foot stage, Mikesell and Ross wore heavy clothing. Above 12,000 feet they breathed oxygen.

Ross reached 40,000 feet last fall in an ascension in a sealed gondola.

On landing, the men were bundled into a waiting helicopter and flown to the Dubuque, Iowa, airport. There they transferred to their tracking plane and flew to Minneapolis.

At the naval laboratory near Washington, Capt. Norman L. Barr, a medical officer, said one of the men had a decrease in the rate of electrical conduction from the top to bottom of his heart.

Two Officers Are Injured In Accident

Patrol Car Strikes Warning Sign Post Early Wednesday

Patrolman Kerry Fry, 54, was severely injured and his riding partner and driver of the Sedalia police patrol car No. 7, Officer William Henry Burnham, 42, was slightly injured, when their car crashed into a signal warning at the Missouri Avenue and Missouri Pacific railroad crossing about 3:30 a.m. Wednesday.

The two officers were checking business firms and were driving south on the highway when the accident occurred. Fry was looking to his right at the Sedalia Fruit Co. building, while Burnham glanced to the left at the Town and Country Shoe Co. It was believed that Burnham, who was not familiar with power steering on the patrol car, accidentally pulled to the right as he looked to the left and the car crashed into the signal warning post and stop sign.

The car was not moving more than 15 or 20 miles per hour when the accident happened.

The sudden stop as the car came against the concrete base, threw Fry forward and the left side of his head crashed through the windshield, while Burnham was thrown forward against the steering wheel.

The signal post was knocked over and broken and the stop sign knocked down from the impact. The front end of the car and steering apparatus were damaged and the windshield of the car was shattered.

Fry suffered two severe cuts on the left cheek, another across the top of his head and a long, deep cut on the left and back side of his head. He was rushed to the hospital in another patrol car, where Dr. A. R. Maddox rendered

Expected Filings Rush Fizzles Out

Major Committeemen Battle Fails to Occur

The anticipated rush to file for precinct committeemen and women on the tickets of both the Democratic and Republican parties did not materialize April 29 and only a scattered few contests appear in either party for the August election. The customary filing of committeemen and women for the Democrats was effected by their county chairman, John C. McCloskey. Republican County Chairman W. D. Smith did not complete his party filings.

Only two vacancies developed in the long list of filings for commit-

teemen and women in the city and county; one was for committeewoman in the fourth precinct of ward three, the other was committeeman in Sedalia Township precinct No. 2. Formerly they were: Mrs. Mary Alexander the committeewoman, and Lester Patrick the committeeman.

On the Republican slate there appears a different picture. The vacancies show up with no filings for committeeman or woman in the third precinct of the first ward; no committeewoman in the fourth precinct of the first ward. In the second ward no committeeman for the fourth precinct; the third ward openings are for committeeman in the first and third precincts and no committeewoman in the third; Blackwater No. 2, no committeewoman; Elk Fork and Flat Creek No. 1, no committeeman; no committeeman or woman in Heath Creek No. 2; and no committeeman in Longwood No. 1, and no committeeman or woman in Longwood No. 3.

Republicans who failed to file were LeRoy Hodges and Mrs. Henry Heitman of the third precinct, first ward; Mrs. Cleo Schumacher, fourth precinct, first ward; B. H. Cole in the fourth precinct of the second ward, Leonard Sheridan, first precinct, third ward; Roy Edin and Mrs. A. L. Hawkins, third precinct, third ward.

Among the township precincts, Blackwater No. 2, Mrs. E. F. Rissler, Elk Fork, none was filed before. Flat Creek No. 1, Leland I. Coontz, Heath Creek No. 2, Clay Thomas and Mrs. Clay Thomas, Longwood No. 1, Harold Schantz; Longwood No. 3, W. R. Tobin and Mrs. W. R. Tobin.

However, immediately after the election in August and on the date set for the organization of the two political committees, the committees then can fill those vacancies.

The Democrats have contests developing in four precincts in the city but none have developed in the township or county precincts. Three are in the first ward, one in the second, two in the fourth ward, and none in the third.

In the first ward, second precinct, S. J. Timbrius is opposed by D. Kelly Scruton; John C. McCloskey, county chairman, is opposed by Judge E. W. Couey in the third precinct; and W. L. Cram is opposed by John Beatty in the fourth.

In the second ward, third precinct, Louis Dickman is opposed by Dr. F. O. Murphy; in the fourth ward, second precinct, B. A. Fischer is opposed by Mrs. Edith L. Rissler.

On the Republican chart there are contests developing in four precincts. In the second ward, first precinct, Mrs. Sebelia Ray is opposed by Bernice Jones; in the Green No. 1 precinct, J. M. Palmer is opposed by Loy H. Smith; LaMonte 2, Ira Williams Sr. is opposed by Paul Steinkuhler; and Washington No. 2, Mrs. Jesse Wear is opposed by Mrs. Gladys Alderman.

Following the city election speculation was that various political groups might pour in filings to gain "control" of the Democratic county committee. This did not develop, other than the few filings

in the city. The purpose of filling the tickets is more to encourage party loyals to get out and work for the ticket in the general election, according to party leaders.

The Republican interest in committeemen and committeewomen as indicated by the lack of filings and interest among Republican party workers. However, the Republicans have indicated as soon as the primary is over and the committeemen and women elected get together to organize, that will be the time vacancies will be filled after checking with party workers in the precincts to ascertain just who will be willing to work energetically for the party in the fall election.

The purpose of filling the tickets is more to encourage party loyals to get out and work for the ticket in the general election, according to party leaders.

Honey "Honeymoon"

The word "honeymoon" is derived from the northern European custom of drinking mead, or mead, a beverage made with honey, for 30 days after every wedding. From this custom comes the expression, "to spend the honeymoon."

Dennis Crosby a Father Woman Says

HOLLYWOOD (AP)—A pretty Hollywood brunette says that Dennis Crosby is the father of her 5-month old daughter.

Dennis, son of Bing Crosby, is honeymooning in Las Vegas, Nev., with a blonde show girl he married Sunday night.

Marilyn Scott, 25, told her story when newspaper reporters produced copies of Denise Michelle Scott's birth certificate, listing the father as Dennis Michael Crosby.

"I'm sorry this had to come out," she said. "All the more sorry for the effect it will have on my baby's future."

She said she met Dennis in a Sunset Strip restaurant, began dating him and went with him for a couple of months.

"When I first told him I was pregnant he made no offer to marry me—nor did he offer to support

the baby," she said. "So I went to an attorney. The attorney took care of everything."

When newsmen asked Dennis about the report, he phoned his family's attorneys in Los Angeles and later told reporters: "On my attorney's advice, I am not going to comment on the situation. Until I can straighten some things out with a few people, I cannot make any further statements."

There was no word on the matter from Bing, who was reported on a fishing trip. Reporters have been trying to locate him since Dennis married Pat Sheehan.

Pat is a 26-year-old divorcee. She has a 6-year-old son. She and Bing dated at one time.

Mrs. Scott, a divorcee who came to Hollywood seeking a movie career, said she was sure Pat knew about the baby girl. Pat, like Dennis, wouldn't discuss the subject.

Mrs. Scott is a former model and switchboard operator. She said that she received a settlement from the Crosby family, but wouldn't say how much.

"I saw no reason to say anything to anybody," she said. "The Crosbys have been fair and square with me."

She said Dennis had never seen her baby.

"I met Dennis again in January," she said, "and I invited him to come and see the baby. But he didn't come."

Roy Mattingly Retires As Chairman of Stores

LEXINGTON, Mo. (AP)—With the retirement of Roy Mattingly as chairman of the board of Mattingly Brothers Stores, his brother, Hugh Mattingly, who has been president for 20 years, stepped into the board chairmanship.

The changes were effected Monday at an annual meeting of the firm which is Missouri's largest regional variety chain with 38 stores.

Robert L. Bell, merchandise manager, became president, and Roy Mattingly, general store superintendent, succeeded Bell.

Roy Mattingly, his wife, and another brother, Harry, founded the chain.

Asian Flu Vaccine About Half Effective

BALTIMORE (AP)—A Johns Hopkins University professor said last night that preliminary findings show vaccination for Asian influenza to be 40 to 65 per cent effective in a large field study made last fall.

The project involving approximately 3,000 persons was described as the largest controlled field study of the flu vaccine ever made on a so-called open population. Studies elsewhere have been with special groups such as students or institutional inmates.

Hard Landing Clears Boy's Throat of Coin

TWENTYNINE PALMS, Calif. (AP)—A hard landing in a helicopter ended a mercy flight—and the need for it.

When 2-year-old Frank Crouch swallowed a nickel, it lodged in his throat. He began to choke.

Doctors at Twentynine Palms Marine base—where Frank and his parents live—put the boy in a helicopter, fed him oxygen and sent him to Riverside for hospital treatment.

After four minutes the pilot had trouble controlling the craft, and made a precautionary landing on the desert.

He went down hard—and so did the nickel. Frank swallowed hard and could breathe again. His parents, Capt. and Mrs. W. M. Crouch took him to the hospital for observation. Doctors said nature would solve the boy's problem.

**Pharris Appointed To
Public Relations
Group at Conference**

L. A. Pharris, secretary of the Salvation Army advisory board, was appointed a member of the state public relations committee at the second annual Missouri State Advisory Council Conference in Jefferson City which was also attended by Capt. Marjorie Weber, local commanding officer, and Mrs. Pharris.

Special emphasis was placed on employable persons in the state and the conference petitioned the General Assembly to correct what it called attention to a House bill that provided "aid to relief in case of public calamity and direct relief."

By changing the appropriation from direct relief to unemployable persons, the conference petitioned county and state authorities are bound to use appropriated funds solely for unemployable persons instead of unemployed who are destitute and in need of relief.

OBITUARIES

Joseph Anthony Candioto
Joseph Anthony Candioto, 57, 409 West Fourth, died at 3:20 p.m. Tuesday at the home following a heart attack suffered about 1 p.m. He had been in failing health in recent years.

Mr. Candioto was born May 15, 1900, in Sedalia, son of the late Antonio and Lena Candioto, attended school here and when a young man was employed by the Missouri Pacific.

He left Sedalia in 1924 and in 1926 was married to Miss Wanita Lee at Sapulpa, Oklahoma, making their home there many years. With Mrs. Candioto he returned to Sedalia last February.

Mr. Candioto was a member of Sacred Heart Catholic Church and the Knights of Columbus.

He is survived by: his wife, of the home; two daughters, Mrs. LaVerne Hood, Wapeta, Wash., and Mrs. Lena Mae Wood, Sapulpa, Okla.; one son, Joseph Candioto Jr., with the Air Force in French Morocco, North Africa, having been in service there but a few months; eight grandchildren; a sister, Miss Jeannette Candioto, of the home; and three aunts, Mrs. M. I. Lieberman, Wichita, Kan.; and Mrs. Rose Avansino and Mrs. John R. Adams, of Sedalia.

The body was taken to the McLaughlin Funeral Chapel to await completion of funeral arrangements pending the arrival of the son from overseas.

Milo Spahr
Milo Spahr, 82, 1406 East Third, died at Bothwell Hospital at 11 a.m. Tuesday. He had been a patient there the past three weeks.

Mr. Spahr was born at Bucyrus, O., Jan. 23, 1876, son of the late Daniel K. and Almira Aumiller Spahr.

He came to Sedalia when a young man and has lived most of his life in Sedalia, being employed at the City Light and Traction Co. for a number of years as an electrician. During his later life, prior to his retirement, he farmed for several years.

Mr. Spahr was married at Sedalia to Miss Nannie Earhart. They were the parents of one son, Mrs. Nannie Spahr died a number of years ago.

He was also preceded in death by his second wife, the former Mrs. Mabel Adair. One grandson, James Spahr, died in 1955.

On Dec. 8, 1944, Mr. Spahr was married at Sedalia to Mrs. Olyn Stevens.

Mr. Spahr was a member of the First Methodist Church of Sedalia.

He is survived by: his wife, Mrs. Olyn Spahr; one son by his first marriage, Charles Spahr, 1606 South Osage; one brother, Hiram Spahr, Dresden; one grandson, Lawrence Spahr, and three great-grandchildren.

Funeral services will be held at the Ewing Funeral Home at 2 p.m. Friday. The Rev. Elmer L. Hobbs, pastor of the First Methodist Church, will officiate.

Burial will be in Crown Hill Cemetery.

The body is at the Ewing Funeral Home.

TO WEST POINT — Richard R. "Dick" Sklar, Jr., son of Mr. and Mrs. Richard R. Sklar, 204 Driftwood Drive, has been notified by Congressman Morgan M. Moulder that he has passed the necessary examinations and is now qualified and entitled to admission to the United States Military Academy, West Point, N.Y. Young Sklar is to report to West Point on July 1, 1958. Along with his notification he received congratulations from Congressman Moulder, who said, "This is a great opportunity for Richard who is one of the select few meeting eligibility requirements. We can all be proud of his achievement."

"Dick," as he is better known to his many friends in Sedalia, was the principle appointment of Congressman Moulder and he took his examinations at Ft. Leavenworth, Kan., on March 12-15.

He is a senior at Smith-Cotton High School and will graduate with the class of 1958 this month. He is popular among the students and is president of both the Latin Club and the "L" Club of the school. He was outstanding not only in his studies at Smith-Cotton, but was such in his athletic activities of football and golf. He is also a member of the Student Council.

Dick will leave the latter part of June to enter the military academy.

Burnham suffered a slight cut on the nose next to his left eye which took one stitch to close. He was also treated by Dr. Maddox.

Fry was admitted to Bothwell Hospital for further observation.

Burnham went to police headquarters after being treated, and in accordance with a ruling of Chief of Police Ralph Hamlin that whenever a police officer figures in an accident he shall take the drunkometer test, the test was given Burnham and there was no indication of any alcohol.

The car was towed to the Bryant Motor Co. by a wrecker from that garage.

They Weren't Delinquents, But Youthful Hell-Raisers

CHICAGO (AP)—The high school class of 1927 reassembled in Milwaukee the other night to count gray hairs, compare waistlines and exchange lies such as, "You haven't changed a bit."

Reunions are good ideas for less obvious reasons. They help keep today's headlines in perspective.

Teen-agers of 1927, as today, be-deviled and bewildered their elders who cluck-clucked at their behavior and forecast they'd never amount to much. They weren't called fancy names like juvenile delinquents or miscreants. They were just hell raisers.

We all raised our share of hell in varying degrees. The biggest shareholder of the class of 1927 was Ben who practiced his deviltry right into graduation night.

Ben planted an alarm clock inside the grand piano in the school auditorium. No wartime submarine commander ever set a torpedo time fuse more accurately. Just as our distinguished speaker was sending us out into the cruel world on a string of platitudes, the clock sang out with its best dollar chime.

Later, when Ben served as a missionary on an Indian reservation in South Dakota, some of us observed that the Custer massacre finally was being avenged.

And what is Ben doing now? Benjamin V. Delahunt is making a nice serene living selling Bibles.

Our reunion speaker was Red, a name that hangs on although gray has replaced most of the auburn of his thatch.

And what is Red doing now? the Very Rev. Edward J. O'Donnell, S.J., is the president of Marquette University, the largest Catholic university in the United States, if not the world.

Frank, with whom I once played a clumsy bass to his deft treble in a piano recital duet, spent his teens driving a truck.

What is Frank doing now? Frank D. Kelly is the corporate secretary of the Milwaukee Journal Co., whose papers he used to truck to news stands and carrier stations back in the '20s.

By simple projection Al should be doing time somewhere for forgery. At the reunion he whipped out a pen and wrote on the tablecloth the signature of the school principal. It looked as perfect as it did on the phony excuse slips we'd set up to escape "jug", a short synonym for disciplinary detention.

What's Al doing now? Alfred F. Braun is a sales manager for the Wisconsin Telephone Co., specializing in large installations.

By the time John took his degree in business administration it was 1931 and there was little business to administer. In good times and bad, people get sick, John observed. So he enrolled in medical school.

What's John doing now? Dr. John S. Hirschboeck has coupled his business and scientific training and is dean of the medical school in Red's university.

And what am I doing? I'm yawning over today's paper with those black headlines over stories about our awful teen-agers, and writing:

"Don't count these kids out yet. Give 'em at least until 1939."

Not So Fast, Space Man

Man has been pretty cocky of late, spinning satellites into outer space, talking of hitting the moon any day and perhaps Mars in a decade or so.

Confidence in himself surely is warranted. His conquests of Earth and of the fringes of the Universe have been breath-taking.

But he dare not lose his humility. Fortunately for him, the forces of nature help to thrust him back into line whenever he tends to strut a bit too grandly.

Such a reverse has just been dealt him with the announcement that measuring instruments aboard our satellites show that the earth is enveloped in an invisible radiation blanket which begins at a height of some 600 miles and may extend as far as 8,000 to 10,000 miles out.

Thus man learns that he is not "home free" the moment he masters the techniques of projecting vehicles and humans to and from the moon and beyond. The radiation envelope obviously is a serious barrier.

It is said to be 1,000 times more intense than the familiar cosmic rays which bombard us from outer space. And yet until now man had utterly

no awareness that this blanket existed.

To get safely through it, the scientists say, space men will need about 100 pounds of lead to shield them, through a foil lining either of their suits or the space ship itself.

Possibly the problem will be a good deal greater than this suggests. Measurements indicate that the radiation increases steadily above 600 miles. And, of course, no measurements at all have yet been taken at those distant levels which are presumed to be the outermost reaches of the blanket.

So important is this discovery that the United States is reported to be considering a vastly stepped-up program to learn more about the extent of the radiation and its origin—believed to be the sun.

At this time the obstacles to space flight are not considered insurmountable, by any means. But the giddy timetables of optimism may have to be revised downward.

Should you press out to your airport looking for the next rocket to the moon, you may find a notice reading: "This flight delayed indefinitely—equipment difficulties."

The Washington Merry-Go-Round

Christian Obligation To Near East

By Drew Pearson

WASHINGTON—The little state of Israel, now celebrating her tenth birthday, has accomplished miracles but faces grave problems ahead. These problems are not hers alone. They are the problems of the rest of the world—from three points of view.

From a materialistic point of view, the problem of Arabian oil is vital to the West. Upon it depends the industry of France, England and Western Europe.

From the point of view of peace, the Near East is the boiling pot most likely to erupt in war. It has erupted twice since V-E Day.

From the Humanitarian point of view, we of the Christian world—even the Moslem world—have a moral obligation for the murder of 6,000,000 Jews in Germany. Our minimum obligation is to ensure the Jews peace in the ancient land of their forefathers.

Most people have forgotten that it was during Hitler's time that anti-Jewish hatred was planted in the Arab world. Looking through the file of my old columns I find that on Aug. 25, 1946 I published the secret testimony of Walter Schellenberg, chief of Hitler's SS foreign espionage, in which he told U.S. examiners how he had been ordered by Himmler in 1942 to pay the grand Mufti of Jerusalem to stir up anti-Jewish prejudice. A flat \$250,000 was paid by Hitler, \$150,000 by Mussolini. Schellenberg further testified: "The mission carried along one-half hundredweight in gold coins, twenty thousand in English pounds, and ten thousand in U.S. dollars."

Obligation for Peace
The public has also forgotten that Hitler's campaign of terror against the Jews started in 1933 and continued while we of the Christian world looked on, blasé and little concerned. We did nothing until other religions and other lands began to feel the imprint of his hate. And for at least a year after the war started, certain American diplomats tried to keep secret the gruesome reports which came into the State Department of Nazi concentration camps, the persecution, the starvation, the eventual transition to gas chambers and soap factories.

These are memories which we of the Christian world have forgotten. Jews can never forget. They constitute a reason why the rest of the world, including the Moslems (also descended from the Prophet Abraham), have a deep, unpaid obligation to the Jewish people.

The most complete way to make that restitution is to bring peace in the Near East. The Jews have already made great sacrifice to establish a homeland. What they need now is peace. Furthermore, we of the Christian world have an obligation to bring peace to that part of the world where He whose religious precepts we profess.

CARTHAGE PRESS: Wondering About A Weed. The Missouri Conservationist, monthly magazine published by the Missouri Conservation Commission, has in its February number a reference to Jasper county.

The Conservation Commission—or at least its magazine—is urging the establishment of areas which will be left in their natural state so that people of the future can see how things were before man altered them.

A map of Missouri is published and proposed natural areas indicated by numbers thereon with notes at the side.

Think It Through

—By E. F. Hutton

NEWSBOYS CAN DREAM—Columbia, South Carolina, is a long way from the industrial center around the Great Lakes, but as opportunity goes, it's not too far.

"THE COLUMBIA STATE" tells of the rise of a former native newsboy, John E. Swearingen. It's an Horatio Alger story, not crowded off the page by the crimes of juvenile delinquents.

As reported by "THE STATE," Mr. Swearingen, who worked his way through the University of South Carolina, has recently been elected President of the Standard Oil Company of Indiana at the age of 39 years. This former newsboy selling papers now makes news.

He began his career in the oil business as a chemical engineer. Sure, it was hard work, but he had what it took—grit and elbow grease. In 1951, he became a director of his company, and in '54 was made Vice President in charge of oil production. In September, 1956, he was jumped to Executive Vice President, and eighteen months later by gosh, he became President.

Yes, it happened here. Where else?

Here is fresh evidence that the U.S. is still a land of opportunity where a newsboy, or any lad, can make his dreams come true.

It will remain that way if we preserve the Constitution and the Free Enterprise System.

Taxes, inflation, bureaucracy and expanding Socialism threaten the newsboys of today.

Could US Afford Defense Spending Cut?

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—This is one of the most gruesome questions in the cold war:

Could this country, now in recession, afford a big cut in defense spending even if it could reach a disarmament agreement with the Soviet Union tomorrow?

Over the past five years this country has spent around 200 billion dollars for defense, a rate of 40 billions a year.

And this year President Eisenhower is asking for another 40 billions. That means a lot of jobs for workers and a lot of money for American business.

Eisenhower didn't ask this direct question in two talks Tuesday: to the Republican members of Congress and to an Advertising Council Conference.

But he raised it obliquely by asking what would happen if the foreign aid program alone—for which he's asking about four billions—were stopped or deeply cut.

The foreign aid program, more recently called mutual security, has cost 60 billions since World War II.

It includes arms and military equipment for Allies, plus economic help for them and other friendly countries. On this foreign aid alone Eisenhower said: "I remind everyone that 80 cents out of every dollar that we spend for mutual aid does not go to foreign lands. It goes to work right here at

home. That means hundreds of thousands of jobs for American workers.

"It means large outlays for American machinery, iron and steel, farm goods, chemicals and motor vehicles."

Then, pointing out mutual aid helps American security besides helping the economic development of the non-Communist world, he said: "Now, stating these same results, in a converse way, and in the form of a question: 'What would it mean to us, aside from the loss of thousands of jobs, if this program were stopped or sharply reduced?'"

He might have gone further and asked:

"If thousands would be thrown out of work by ending or drastically cutting a program so comparatively small as foreign aid, what would happen if the defense program were cut from 40 billion dollars to say 10 billions?"

Eisenhower did try to envision what might have been done with the 200 billions spent over the past five years for defense—if we hadn't had to spend it for that purpose.

He conjured up a picture of "all our schools built, all of our

roads built and all our hospitals built that we would need for the next 10 years with everyone of them splendidly equipped."

A nice picture. But it doesn't explain what would happen to the American economy if the 40 billion—because of a disarmament agreement—were suddenly chopped in half or less.

And it's not a realistic picture that Eisenhower painted.

Before Congress would spend 200 billions, or close to it, for the hospitals, schools and roads, Eisenhower dreamed of the legislators first would have to undergo a profound change or be shocked into it by a catastrophic economic collapse.

Just one example will illustrate the point: Eisenhower himself has been talking of federal aid to schools for years, a major program of school building.

And Congress still hasn't spent a dime on such a program and it won't this year either.

In short: we're not living in a natural economy. We're living in a cold war economy. Even with all the defense spending we have a recession. It remains to be seen how we'd make out if there were no cold war.

Dr. Jordan Says

Researchers Study Record Of Great 1957 Flu Epidemic

By Edwin P. Jordan, M. D.

Some of the facts connected with the worldwide outbreak of Asian influenza are now known. Others will take time to study and evaluate.

The so-called Asian flu is caused by a particular strain of the influenza A virus. This virus can be considered responsible for the second great pandemic, or epidemic, of the century, the first having occurred in 1918-19.

The exact point of origin of this worldwide epidemic is not known, but apparently the first outbreaks occurred in China in February and March of 1957.

By April of last year epidemic influenza had appeared in Hong Kong and had spread to other areas bordering the western Pacific Ocean. By May the virus, carried principally along shipping routes, had spread through Malaya, the Philippines, Guam, Okinawa, India and Indonesia.

During June, 1957, more than 20 countries in various parts of the world became affected with Asian influenza for the first time.

It reached the Middle East in epidemic proportions in July. By the end of August the epidemics had declined in most countries of Eastern and Western Asia, but true epidemics began being reported from Europe and North America.

Widespread occurrence of Asian influenza began in the United States in September. The epidemics in most communities affected persons of high school age first, then elementary school pupils and lastly, the grownups.

Although it affected people 65 years and older last of all, preliminary reports showed the highest proportion of deaths among these older members of our society.

By mid-October influenza in the United States appeared to have reached its peak and is believed to have affected at least 20 mil-

lion persons throughout the country.

In less than a year this Asian strain of influenza had attacked people on every continent, probably even including Antarctica. Conditions of crowding and poverty often resulted in high attack rates.

Deaths caused by Asian influenza did not reach the same numbers as those caused by the influenza of the 1918-19 epidemic. Nevertheless, most countries which kept good statistics did record an increase in the mortality rates, probably partly the result of the Asian flu. At this time it is still uncertain whether the pandemic is over or not.

The complete effectiveness of the influenza vaccine which is now available is also questionable. Rumor has it that this vaccine does not by any means prevent everyone from getting the flu. Whether it makes the disease milder in those who have been vaccinated than in those who have not will doubtless be reported on at a later date.

There is no doubt that much valuable information will be gathered from this experience which could not have been obtained in influenza pandemics of the past.

Elvis Promoted To Acting Squad Leader

FT. HOOD, Tex. (AP)—"We're all proud of him," a Ft. Hood spokesman said yesterday of Elvis Presley, who has been in the Army five weeks.

The rock 'n' roll singer started basic training at this central Texas post March 28.

"He is an above average trainee," said Lt. Col. Marjorie Schulten, chief of information for Ft. Hood.

She said Presley has been promoted to acting assistant squad leader, about equal to sergeant. But no one gets any rank in basic training.

The Mature Parent

Mother's Example Can Help Older Child Accept Baby

By MRS. MURIEL LAWRENCE

In the hospital after Robert's sister was born, his mother felt depressed whenever she thought about him.

She remembered the startled look on his face when he first discovered he could make noise by banging his drum. She recalled his relief when Peter Rabbit got home to his mother after the chase by Farmer MacGregor. And as she hadn't had the time to accumulate the tenderness for her new child that she'd developed for Robert, she felt a certain antagonism toward the intruder who was going to bring confusing changes into his life.

So after she and the baby got home, she tried to protect Robert's happiness by making slighting references to his sister. She'd say, "There's that silly baby crying again," or, "Betsy waves her arms about like that because she hasn't the sense to know I'm trying to get her shirt on."

But gradually, as she found herself responding to Betsy with tenderness, she became very uncomfortable with the obligation to pretend she didn't feel it. And she stopped making the belittling remarks.

This was fortunate for Robert. We cannot comfort an older child by disparaging a new brother or sister.

Robert has been our baby, too. It is because the new child's dependence on us so threatening. When we criticize the baby's dependence, he begins to wonder if we find his need of us "silly" too.

He begins to wonder if we find him as burdensome as Betsy—and to suspect that our tenderness for him is not as reliable as he thought it was.

Certainly when we become mothers for the second time, we are bound to feel concern for the resentment of the child who has been displaced. But as we are parents, not children ourselves, we cannot be expected to share his resentment.

So while we accept Robert's right to his response to the baby, it is proper to maintain our own right to different, parental feelings toward it.

Change is a law of growth. At four years, Robert hasn't become aware of this law. But as his mother, we should have become very conscious of it, indeed, and refuse to be depressed by his inexperienced view of change as cruel and bad to him.

Ruth Millett Says

Elsa Maxwell's Tips On Partying Are Sound Advice

Elsa Maxwell, who has made a career of planning parties for people who can't plan their own, some of whom have more money than sense, has written a book on the art of entertaining.

Scattered among the name-dropping passages are some bits of sound advice for both party givers and party goers.

Here, for example, are a few of Elsa's sensible tips for making yourself the kind of guest it is a pleasure for a hostess to entertain:

"Be prompt at arriving at a party, but don't in pity's name be early."

"On arrival, confine your greetings to your hostess to the customary salutations and let her take the lead from there, either—once coats and hats are disposed of—by introducing you around herself if her party is small, or by passing you on to another guest or group of guests if it is large. Don't try at once to claim her whole attention with a spate of irrelevant chatter."

"Unless your hostess has expressly asked you to help her in her duties, don't. About the only valid, active assistance you can give your hostess is the simple humanitarian act of rescuing lost souls. When you see such—and they are easily identifiable by their expressions of determined affability and their habit of loitering just near enough to a conversation group to seem part of it, and just far enough away not to seem to intrude—take him in charge. If you find you've picked a dud, bear with it. Your hostess will rescue

you in due course and she will love you forever.

"At a large informal party of reasonably short duration, such as a cocktail party, the good guest not only keeps on his feet—he uses them. Parties of this kind are meant to move. Guests are expected to mingle, meeting and talking with as many others as possible."

"Know when to leave a party. To a hostess there is no more trying guess than the one who behaves as if each party may be his last and he means to make the most of it. Keep an eye on the clock and go when it tells you to."

Thinking It Over

By Robert L. Diefenbacher, D.D.

Some shoemakers' children may not have shoes but many are well shod. Some parents may give more attention to their worldly jobs than they do to rearing their children. But God gives full attention to all who seek His way of life.

It is true that Christ came to minister more to sinners than to the righteous. The godly folk are given the attention of training. God teaches His own to go forth into all the world and preach the Gospel.

If every church member were to spend a few minutes a day in doing God's will in word and deed the world would certainly be a better place in which to live. One person living by the example of God's love can do more good than a multitude of critics, moralizers and upholders of codes.

Pintos Win Conference Track Title

The California Pintos set two new meet records and amassed 62 1/2 points Tuesday to easily win the Tri-County Conference track meet at Jefferson City. One other meet record fell as Reed of Eldon heaved the shot put 45 feet, 9 inches. Eldon finished in the runner-up position with 42 1/3 points.

The new records set by the Pintos were in the 120-yard high hurdles and mile relay. Eddie Hurt raced over the hurdles in 15.7 and the relay team, composed of Stock, Wood, Wineland and Hamline, went the distance in 3:47.5.

Hurt took individual scoring honors with 19 1/2 as he won the high and low hurdles, the 220 dash, placed second in the broad jump and tied for third in the high jump. Teammate Louis Gabert was second high scorer of the meet with 11 points.

Other schools in the meet finished as follows: Stover 20 1/2; Camden 13 1/2; Tipton 8 1/2 and Versailles 6 1/3.

Eldon won the meet last year and California has either won or finished second for the past 13 years.

The Summaries:

Broad Jump: 1. Reed, Eldon; 2. Hert, Cal; 3. Elkins, Cam; 4. Schers, Tipton, 18-4.
Pole Vault: 1. Gabert, Cal; 2. 3 and 4, tie between Roelker, Cam; Jeffries, Cam; and Nolting, Stover, 9-9.
Shot put: 1. Reed, Eldon; 2. Wineland, Cal; 3. Washburn, Vers; 4. Johnson, Stover, 45-9.
Discus: 1. Hammond, Eldon; 2. Meyer, Vers; 3. Wineland, Cal; 4. Strickland, Cal, 108-8 1/2.
880-yard relay: 1. Eldon (McDaniels, Catron, Brown and Reed); 2. Camden; 3. California; 4. Versailles, 137.5.
120-yard high hurdles: 1. Hert, Cal; 2. Scott, Eldon; 3. Gabert, Cal; 4. Carroll, Eldon, 15.7.
880-yard run: 1. Flippin, Cal; 2. Elkins, Cam; 3. Piegrove, Stover; 4. Kurren, Eldon, 21:17.
High jump: 1 and 2, tie between Gabert, Cal, and Eldenberger, Stover; 3 and 4, tie between Rowles, Tipton, and Hert, Cal, 5-7 1/4.
120-yard dash: 1. Hert, Cal; 2. Phelps, Stover; 3. Rowles, Tipton; 4. (three way tie between Catron, Eldon, Rowles, Versailles, and Dameron, California), 24.9.
Mile relay: 1. California (Stock, Wood, Wineland and Hamline); 2. Eldon; 3. Stover and 4. Tipton, 3:47.5.

Martinez Has Plans For Welter Title

BOSTON (AP)—Vince Martinez indicated today he plans to depend on an educated left hand to bring him the world's welterweight boxing title in his meeting with Virgil Atkins June 6 in St. Louis.

"I'm going to work on my left jab and hook," Martinez said as he headed for serious training at Grossinger's in New York.

Martinez hardly worked up a sweat as he stopped Armand Sote of Montreal in 48 seconds of the seventh round of a scheduled 10-round Tuesday night bout before a boozing crowd of 1,387 at Mechanics Building.

After Referee Joe Zapustas warned both to fight for the second time and the fans began walking out, Martinez opened up in the seventh.

A left-right combination sent Zapustas examining Savagie quickly and allowed the bout to continue—until another salvo from Vince's fists staggered the Canadian.

Stan Musial Due For 3,000th Base Hit Soon

NEW YORK (AP)—When Stan Musial collects his 3,000th base hit in a week or so, they'll probably stop the game and present the ball to him in an appropriate ceremony.

Undoubtedly it will rest forever in the Hall of Fame at Cooperstown or on the Musial mantelpiece.

Things weren't always like that. Tris Speaker, one of the seven men to hit safely 3,000 or more times in the majors, is here with the Cleveland Indians. Happy to see Musial closing in on the 3,000 mark, Speaker admits he can't even remember when he did it.

"I couldn't tell you when I hit it or where or who the pitcher was," said Speaker, to a batting coach with the Tribe. "It didn't seem so important to get that hit in those days. Not so much was said about it."

Speaker works with the younger players on the Cleveland club, trying to improve their hitting.

"You can't teach anybody how to hit," he said. "But you can take the tools they have and try to improve them and correct their faults."

Speaker finished his great career in 1928 with a total of 3,515 hits and a lifetime average of .344 for a seat in the Hall of Fame. The only man with more hits was Ty Cobb with 4,191. Others in the group: Nap Lajoie (.325), Paul Waner (.312), Honus Wagner (.343), Eddie Collins (.313) and Cap Anson (.308).

McCormick Gets Contract With Giants

By ED WILKS

The Associated Press

Mike McCormick, the kid southpaw almost every major league club wanted when he was an American Legion whiz in Los Angeles, finally has come into his own with the San Francisco Giants.

The big teen-ager was signed for \$65,000 in 1936.

Last night he gave up just three infield singles for his first major league shutout, a 7-0 job that tripped Pittsburgh out of a share of the National League lead.

He walked one, fanned four. The Pirates didn't get a hit off the 19-year-old lefty until Roberto Clemente opened the fifth with a single to deep short. The Giants counted five runs in the first off loser Bennie Daniels and George Perez.

The Chicago Cubs gained a full share of first as Glen Hobbie pitched his first shutout in pro ball, a four-hitter that beat Cincinnati 4-0. Milwaukee took second with a 12-3 fling at St. Louis. Los Angeles moved past Philadelphia into sixth with a 7-6 victory over the Phils in 14 innings.

Hobbie, a 22-year-old right-hander who served mostly in relief in three years of minor league ball, got a 3-0 lead in the first. Bobby Thomson tagged loser Joe Nuxhall for a two-on homer. Hobbie's fast ball and curve took it from there, giving up nothing but singles while striking out seven.

A two-out single off the left field screen gave the Dodgers the edge at Los Angeles with Don Drysdale, the expected ace who lost his first five decisions, finally winning one in relief. Charlie Neal walked after catcher Stan Lopata had dropped his pop foul, and scooted home from first with the winning, unearned run. Dick Farrell was the loser.

The Braves blew most of a 7-0 lead built in the first two innings, but after the Cardinals had closed to 7-6 in the eighth, Milwaukee cashed five in the ninth. Bob Buhl, backed by three-RBI performances from Bob Hazle and Frank Torre, won his fourth with relief help.

Drysdale Finally Wins Game for Los Angeles

LOS ANGELES (AP)—Towering Don Drysdale was supposed to win 20 games for Los Angeles this season. But it was only early this morning—after five straight frustrations—that he finally won his first.

"That was a little more like it," the young, 6-5 right-hander said after pitching four nearly flawless innings in relief as the Dodgers defeated the Philadelphia Phillies 7-6 in 14 innings.

Before that one-hit performance, Drysdale had a problem that might have been expressed by a slightly modified line from a cigarette jingle:

"Wildness makes the difference."

Don was just as puzzled as anyone by it all.

"I just couldn't figure it out," the 21-year-old native of nearby Van Nuys confessed. "I had never been that wild before. Physically, I was fine, but I just couldn't put the ball where I wanted it."

Drysdale, who finished with a 17-9 record last season, went through perhaps his most humiliating exercise of the year Monday night. He worked the first 2 1/3 innings against Philadelphia, gave up five runs and three hits, threw two wild pitches, hit a batter, committed a balk, made an error and surrendered three

walks.

Lady Angel Wins From Kathy Starr

Wrestling fans were treated to a "big time" show Tuesday night at the National Guard Armory when three thrilling events were presented in the local ring. The team tag event proved to be terrific and kept the fans in a frenzy throughout the 45 minutes.

The Lady Angel proved to be a "tough customer" in the ring and gave the fans everything they were expecting from her boastful ugliness to her wrestling ability. She met and defeated Kathy Starr of Tucson, Ariz., in an action-packed event.

Starr won the first fall in six minutes and 10 seconds using the drop kick and body press. The Angel came back and after a series of body slams and body press won the second in six minutes and 30 seconds. The final fall went in a hurry after the Angel tossed Starr out of the ring, went after her on the outside and smashed her back against the edge of the ring. As they climbed back in, the six foot-something of a woman used the back-breaker in the ring and press to win in two minutes and five seconds.

The opening event between Thor Hagen and a new comer Red Lyons, proved to be a thriller as well as an interesting match. Although the two roughed it up several times, they stuck fairly close to the catch-as-can rules to go 30 minutes to a draw.

Sonny Myers teaming up with a newcomer to the Sedalia ring in Joe Scrapa, who he has worked with as a team in the south came through to outsmart the Otto Von Krupp and Lee Henning combination.

Myers reversed the Von Krupp sleeper hold and used it on the German to win the opening fall in 17 minutes and 45 seconds. The second fall was won by Von Krupp over Myers when he applied the upside down bear hug and squeezed Myers to unconsciousness. This took 10 minutes and five seconds.

The final fall only three minutes and four seconds, was thrilled packed as Von Krupp and Henning took a flying drop kick beating from Scrapa. But it was Hennings who lost the fall when Scrapa sent his feet into Hennings face so many times in a short time, that he thought he was being hit by an air hammer. Scrapa won it finally with a body press.

Von Krupp who tried to jump over the top rope to get to Scrapa and pull him off his teammate got his foot caught in the top rope and went sprawling on his face in the center of the ring. It pleased the fans to no end.

Bowling Leaders In No Serious Danger

SYRACUSE, N. Y. (AP)—The leaders in all categories at the American Bowling Congress Tuesday enjoyed another day in which their domination was not seriously endangered.

Ace Mitchell's Shur Hooks of Akron, Ohio, led the evening's open team squad with a 2903 series, far off the 3210 pace set by the St. Louis Falstaffs on April 10.

MU Second Sacker Helps Tigers Score

COLUMBIA, Mo. (AP)—A fine performance by Gary Starr, Missouri's sophomore second baseman, helped the Tigers score a 12-3 non-conference baseball victory over Washington University of St. Louis Tuesday.

Starr hit two home runs and two singles and drove in five runs in five times at bat.

AND NOW MEET HIS HOUSE BOY

Three Factors Have Placed Cubs on Top

By JOE MOOSHL

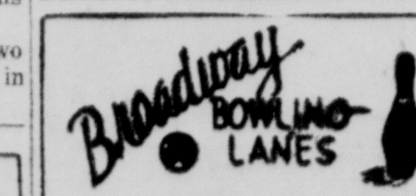

CHICAGO (AP)—The combination of veteran slugging power, fearless young pitching and a gamble here and there has the Chicago Cubs on top in the National League race.

The Cubs have had heroics aplenty in piling up 12 victories in their first 19 games. One day it's the booming bat of Walt Moryn, the next it's Ernie Banks or Lee Walls or Dale Long or Bob Thomson.

Rookie pitchers have been coming through in fine fashion. In fact, the Cub ace of 1937—Dick Drott and Moe Drabowsky—have contributed very little.

Glenn Hobbie, a 22-year-old rookie right-hander, and Thomson, the 34-year-old who authored the home run which was heard around the world in 1951 when the Giants defeated Brooklyn in a pennant playoff, jumped into the heroes' circle yesterday in a 4-0 victory over Cincinnati.

Hobbie twirled a four-hitter—the first shutout in his four-year professional career—and Thomson hit a first-inning, three-run homer in to a 20 m.p.h. wind.

Pierce Still Hasn't Won, Sox in Cellar

By ED WILKS

The Associated Press

Southpaw Billy Pierce still hasn't won a game this season and the Chicago White Sox are still last in the American League.

The White Sox have won but four so far and only two of their last 11.

Pierce (0-2), only member of the Sox staff with a complete game, escaped defeat yesterday, but he didn't last two innings in a 7-5 defeat at Boston.

In the National League, San Francisco tumbled Pittsburgh from a share of the lead with a 7-0 victory after Chicago's first-place Cubs had beaten Cincinnati 4-0. The Los Angeles Dodgers went 14 innings before beating Philadelphia 7-6 in a night game. Milwaukee rallied St. Louis 12-8.

Pierce gave up consecutive home runs by Dick Gernert and Frank Malzone in a three-run Boston first. Then he walked the first man in the second and gave way to Ray Moore, who was shackled with the defeat when the Red Sox cracked him for three in the fourth after Chicago tied it 4-4.

Three singles loaded the bases against Moore in the fourth. Malzone then singled for the tie-breaking run off reliever Bill Fischer. An infield out and a wild pitch got the payoff runs home.

The White Sox made their move against Mike Fornieles, who left when three singles scored a run in the fourth. Murray Wall relieved, gave up a walk that loaded the bases and Nel Fox's run-scoring fly, then gave the White Sox just four hits and one more run the rest of the way for his first victory.

Plan Afoot to Send Chamberlain on Tour

LAWRENCE, Kan. (AP)—There is a plan afoot to send Wilt Chamberlain and several other star basketball players on a barnstorming tour of the United States and Europe this summer as professionals, the Lawrence Journal-World has reported.

The Journal-World said it understood the tour's sponsors are trying to bolster Chamberlain with such stars as Elgin Baylor of Seattle, Guy Rodgers of Temple, John Crawford of Iowa State, Bob Boozer of Kansas State and Oscar Robertson of Cincinnati.

Chamberlain, Baylor, Rodgers and Robertson are All-America players.

Chamberlain and his coach, Dick Harp, were not available for comment.

Cincinnati University Coach George Smith said Tuesday night that "Oscar Robertson is not going (on the tour). We've talked it over and he's not going."

Correspondent Recovers To Win the Pulitzer Prize

NEW YORK (AP)—Every newsroom has its favorite drama. This is ours.

On April 25, 1955, Reiman (Pat) Morin, special correspondent for the Associated Press, who had covered most of the big ones in war and apce, was hit by a heart attack. He was convinced he was through.

On May 5, 1958, Pat Morin won a Pulitzer Prize for his coverage of the integration violence in Little Rock, Ark. It was one of the biggest, most complex, most emotional stories of the year and the decade. Also, one of the most strenuous.

Pat Morin's comeback was complete.

The word is used advisedly for he had never been away, except in his own mind.

Three years ago, he recovered

physically from his heart attack. After four months, he returned to his desk and to a warm welcome. But Pat was suspicious. He couldn't shake loose the dark feeling that he was being shelved. That, far from the electric excitement of the big, breaking news stories, he would be given only the quiet easy assignments, the leisurely background stories, the relaxed features.

A starting pitcher for many years, Pat Morin was now certain he'd only be used in batting practice.

"Everyone at the office was very solicitous when I got back," he recalls. "Gradually, I got the feeling I was being wrapped in cotton wool. I remember there was talk of sending me up to New England to cover the floods but someone thought that would involve too much jumping around. So they gave me an assignment right here in New York."

"In 1952, I had covered the political campaign trains, always one of the most tiring assignments. In 1956, I covered a couple of primaries, did some analytical pieces but never got near a campaign train. I began to wonder whether I'd ever get a fast-breaking story again."

Since joining the AP in 1934, Pat had covered many fast-breaking stories—in Los Angeles, in New York, London, Algiers, Tokyo, Cairo, New Delhi, Italy and Korea. Came Pearl Harbor and he was interned by the Japanese. Released in 1942, he covered the war in Europe. Came the peace, and he headed AP bureaus in Paris and Washington. Came the Korean War, and he was back on the fighting front, this time among the rice paddies, where he won his first Pulitzer Prize.

He became the kind of correspondent for which they coined the word "roving." In a given year, he traveled more than 40,000 miles, at home and abroad. He covered the coronation of a queen in Westminster Abbey and the inauguration of a president in Washington—the execution of the Rosenberg, presidential campaign trains, strikes, crimes, trials.

All these were strenuous assignments but in 1955, after a heart attack at 47, Pat Morin thought he was to be benched as an arm-chair reporter.

"I had doubts on two counts. Frankly, I myself wondered if I could again take on a physically demanding story. Also, I doubted the office would give me one."

Both doubts were removed in Little Rock last year, between Sept. 10 and Oct. 1. For days, he was on his feet hours on end, fighting through crowds, rushing to phones, dictating and writing

Reduced Marine Now Doing Fine Job

CHERRY POINT, N.C. (AP)—"He's a good Marine and he gets along fine. He's doing a fine job."

That was the official verdict here on Matthew C. McKeon two years after the tragic drowning of six men on a training night march at Parris Island, S.C.

The public information office here said McKeon was promoted to corporal May 1 as a regular procedure. He serves as an administrative clerk here. The 33-year-old Marine was a staff sergeant platoon leader at Parris Island the night of April 7, 1956, when his night march exploded into the national headlines.

He was convicted by a court martial board of negligent homicide and drinking in the barracks before the march. He was sentenced to nine months at hard labor and reduced in rank to a private.

McKeon, who elected to stick it out in the Corps, was transferred from Parris Island and taken out of contact with recruits.

far into the night, sleeping little most nights, not at all some nights.

Now and then, he slipped into a grocery store near the Little Rock high school to make notes on a napkin, to grab a cup of coffee and gulp down some pills and drops. The pills were to counteract the fat deficiency in his diet. The drops were to strengthen his heart muscle.

"Actually," Pat recalls, "I don't think I thought about my heart attack except once, after working all night. I wondered whether I was pushing my luck too far. But my health remained fine."

"Little Rock, for me, was getting over a mountainous hump. That's why the Pulitzer Prize was doubly sweet."

Mrs. May Roper Coker

American Mother of Year Believes Judges Mistaken

NEW YORK (AP)—A little Southern lady, who quietly has devoted her life to helping others in a small town, is the American Mother of the Year.

Mrs. May Roper Coker of Harts-Jille, S.C., was thrilled at the honor, but not quite sure the American Mothers Committee hasn't mistaken her for someone else.

She sidesteps credit for raising eight children and deprecates any fuss over her many civic activities and personal charities.

"Miss May," as they call her, is a cultured, edu-

cated woman. She is 67. More than 40 years ago, she forsook the social glitter of Washington to become the wife of a plant pioneer in a little farm community.

Her father was a well-to-do former Cabinet officer, Secretary of Commerce Daniel Roper, who served six years in the Franklin Roosevelt administration (1933-39). Long before that, in 1915, she married into one of the prominent families of the Carolinas.

"Miss May" was reared in Washington, where her father was assistant postmaster general and commissioner of internal revenue before becoming secretary of commerce.

While still a college girl, she worked with children on Washington playgrounds during the summer months.

When she was 24, she met and married David R. Coker, a widower with five children and a man with a dream. Coker believed he could improve the lot of farmers by giving them better seed. He took his bride to Harts-Jille, where visitors came from all over the world to see his experiments and their applications on local farms.

"Miss May," too, believed strongly then and now in social improvement. She followed her

The guards were green and overly conscientious and their actions yesterday reflected their individual feelings and not those of the Navy, Capt. Ben Moore Jr., commanding officer of the auxiliary air station here, said in a press statement.

The pilot, who was returning from a routine gunnery flight, was killed. He was identified as Lt. Howard J. Brown, 30, Chula Vista, Calif.

Young Widow Facing Murder Charges Today

MACON, Ga. (AP)—A young widow faced murder charges today in the arsenic poisonings of her 9-year-old daughter, two husbands and mother-in-law over a six-year period.

Mrs. Annette Donovan Lyles, 32, was arrested in a hospital room Tuesday and placed under guard. She reportedly has been hospitalized since shortly after her daughter Marcia Elaine Lyles, died April 5.

Through her attorney, Mrs. Lyles said, "I have committed no crime."

In addition to the death of her daughter, Mrs. Lyles is accused of murdering her first husband,

husband's experiments and taught classes in vegetable and flower growing to farm hands and mill workers.

Miss Coker was born in Gobson, N.C. Oct. 10, 1890, and has been a friend to white and Negro all her life. She says she is troubled by the current integration problems of the South.

Characteristically, hers is a soft answer: "None of these problems (racial matters) are going to be settled by force or ignorance or prejudice," she says.

Her husband died nearly 20 years ago.

Ben F. Lyles Jr., Jan. 25, 1952; her second husband, Joe Neal Gabbert, Dec. 2, 1955; and her mother-in-law, Mrs. Ben F. Lyles Sr., Sept. 29, 1957.

Murder warrants were obtained by Coroner L. H. Chapman, who said tests by the state crime laboratory showed arsenic poison in the bodies of all four victims.

Mrs. Lyles—she resumed that name through a court order after Gabbert's death—operates a restaurant in downtown Macon. Sheriff James I. Wood would not

release information on a possible motive. He said he has "many facts which need verification before they can be released."

Gabbert, 26, a pilot for Capitol Airlines, was buried in Bibb (Macon) County but the body later was exhumed and sent to El Paso, Tex., home of his parents, Mr. and Mrs. D. K. Gabbert Sr.

Nixon Finds US Problems Not Known

LA PAZ, Bolivia (AP)—Vice President Nixon says he has found on his South American tour a woeful lack of understanding of U. S. economic problems.

Government officials know the score but "we must reach the people," Nixon told a news conference last night, he advocated increasing exchanges of students and specialists between the United States and Latin America and tailoring U. S. information programs to clear up misunderstandings.

Nixon commented on the first half of his 18-day trip before flying today to Lima, Peru.

"There is a feeling in many capitals that U. S. loan programs and aid programs have not given as much assistance proportionally to Latin America as they should," he said.

The feeling exists, he continued, that there should be no limit on what Washington does for Latin America in the way of loans and stabilization of raw material prices. Nixon said U. S. officials should "step up cross-the-table discussions so that the realities of the situation are laid on the table."

Many Latin Americans feel U. S. insistence that private capital must play a leading part in economic development is unrealistic and unworkable, Nixon continued. The United States is not trying to force its system on other governments, he explained, but there is a sincere U. S. belief that this "is the only effective way the economic resources of those countries can be developed."

To Soften Opposition

Demo Leaders Ask Ike To Compromise Trade Demand

WASHINGTON (AP)—Democratic House leaders called on President Eisenhower today to compromise his demands for reciprocal trade extension or risk out route for his trade program in Congress.

In the face of building pressures for erection of high tariff trade barriers, they gave the President until Monday to come up with suggestions which might soften opposition and give his proposals a realistic chance of passage.

Meanwhile the House Ways and Means Committee abruptly suspended further consideration of trade legislation until that time.

The committee, in a surprise action, broke off its efforts a few hours before President Eisenhower appealed last night for Republican congressional support for his trade policies.

While the President's words seemed unlikely to satisfy members of his own party who disagree violently with his proposals, they came at a critical time in the trade battle on Capitol Hill.

Speaking at a dinner for GOP Senate and House members, Eisenhower called world trade an

"imperative need" not only in the economic war with Russia but for American industry as well.

He said that while the United States imported 3 1/2 billion dollars of manufactured goods from abroad last year, it was exporting 10 1/2 billion dollars of American-produced goods.

"Now, certainly we must protect manufacturing industries from being crippled by imports," he declared.

"And we must remember this: America has no monopoly on trade problems. Our friends have problems too. Nor do we have a monopoly on the double-edged game of trade restrictions."

Declaring the nation's trade choice was reciprocity or retaliation, Eisenhower said he chose reciprocity which "has been America's choice for a quarter of a century."

Although Eisenhower appealed for a unanimous support of his program, a majority of both Republicans and Democrats appeared to be against him in the House.

Spot checks showed that far less than a majority of the 232 House Democrats was willing to support the President's program unchanged. Republican opposition was estimated at as much as four to one.

The President has asked for a five-year extension of the year-old program of international trade agreements based on tariff and trade concessions. He has requested authority to lower American tariffs another 25 percent in return for favorable foreign concessions.

Both Democratic and Republican House leaders say the President has no chance of getting all that he wants from this Congress.

Youth Released By KC Municipal Judge
In Rowdiness Hearing
KANSAS CITY (AP)—A 15-year-old boy was released by a municipal judge Tuesday after there was no attempt to prosecute him in connection with rowdiness near Northeast High School.

Miss Elsie Smith and her mother, who operate a book store and soft drink stand near the school, had made two earlier appearances in hearings about the youth, charged with hitting Miss Smith. The incident occurred at the height of an outbreak of rowdiness in February.

Judge Henry A. Riederer released the youth Tuesday after Miss Smith wrote the judge she did not wish to attempt to prosecute.

When the case came up in March, six of the boy's classmates testified Miss Smith was the aggressor. Miss Smith dissolved in tears and left the courtroom.

Lucky Delay.
MOUNT VERNON, Ohio (AP) — Mrs. Wilbur Inks couldn't have been too upset about mistaking her car keys. The delay saved a barn at the Inks' farm, seven miles west of here.

She was planning to visit her brother's home when she discovered she didn't have her car keys. Returning to the house for them, she noticed a whisp of smoke coming from the barn. It turned out to be a roof fire, which her husband and volunteers put her before it could spread.

Ike Declines to Lend Name to Sales Plan

WASHINGTON (AP)—President Eisenhower has declined to lend his name to a proposed nationwide sales campaign aimed at pumping more consumer dollars into the economy.

Rep Charles E. Chamberlain (R-Mich) suggested in an April 15

letter to Eisenhower that he support a "President's Sale" Chamberlain specifically mentioned automobiles but did not say the campaign should be limited to this field.

In his reply, Eisenhower wrote Chamberlain "I am inclined against giving special endorsement to a particular sales venture." He added he will continue "preaching the general importance of consumer purchasing."

Poodling on the Run.

ALBUQUERQUE, N. M. (AP)—Mrs. Norma Osborne left her expectant poodle "Perque" in her automobile while she was keeping a dental appointment. There were two poodles on hand when she returned. By the time she got to the vet there were three. By that night, mother and all nine pups were doing fine.
